Addressing Government regarding proposals for additional sites required for the Mangalore hospital extension.

ENCLOSURES.
No. Two plans & one letter
Spare copies .....

No. 1981/469

Station Cocanada , *Dated the* 10th November 1919.

From (Name) The Hon'ble Major-General G.G.Giffard, C.S.I., K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government of Madras,

To The Secretary to the Government of Madras,
Local and Municipal (Medical) Department.

Sir,

I have the honour to forward herewith a copy of letter from Dr.Verghese, the District Medical and Sanitary Officer of South Canara and to state that after personally visiting Mangalore I consider that it will be absolutely necessary to take up plot No.273/1.A and it will be advantageous to take up also for the use of the hospital the northern corner or a considerable portion of the land situated between the Court Road and the Belmatta Road. The Consulting Architect has so designed the new hospital for Mangalore that it occupies almost entirely the whole compound of the existing hospital. There is certain amount of spare

pf 576

Pf 13/11

spare land in the compound, shown in site plan No.I, but this is unsuitable for hospital buildings as the land falls away steeply from the back of the hospital towards the Xavier Road.

2. I agree with Dr.Verghese' ideas as to the buildings which should find a place on the low-lying land between the existing compound wall of the hospital and the Xavier road.

3. It should be accepted as a principle in all these cases where Government is rebuilding or adding to the District Head-quarter-hospitals that as many of the medical staff as possible, as well as nurses compounders and menial servants, should be accommodated in Government quarters close to the hospital. It seems to me important that this principle should be accepted and that therefore quarters should be built in the immediate vicinity of the new hospital at Mangalore for as many of the staff as possible.

I have the honour to be,

Sir,

Your most obedient servant,

Major-General, I.M.S.,

Surgeon-General with the Government of Madras

Copy of letter Ref.No.129/19 (1) dated 22nd October 1919, from M.R.Ry Rao Bahadur V.Verghese Avergal., Ag. District Medical and Sanitary Officer, South Canara, to the Personal Assistant to the Surgeon-General with the Government of Madras.

In reply to your No.19B1/8692 dated 16th October 1919 calling for a detailed report regarding proposals for additional sites required for hospital extension, I have the honour to report as follows:-

2. The site selected for the new combined hospital is only just large enough to accommodate the main hospital building, and a perusal of the site plan will show that the only other available space for building purposes is the strip of ground on which the present quarters of the Sub Assistant Surgeons stand. Additional sites are wanted for the accessory buildings of the hospital and for quarters for the staff.

3. The accessory buildings which you have considered necessary and have approved in your letter No.19B1/6428 dated 4th August 1919 to Superintending Engineer are the following:-

1. Mortuary.
2. Lavatory and water closet for the students and staff.
3. Cholera shed.
4. Cow shed.
5. Coach house and stables.
6. Vaccine station.
7. Deputy Sanitary Engineer on his last visit on 6th October has asked for a suitable site for the septic installation tank.

4. I am submitting a site plan of the area referred to in para 2 and have plotted on it buildings 1, 2, 3, 4 and 7. There is no place available on this site for vaccine station and coach-house and stables, for which the Executive Engineer has suggested acquisition of plot No.273/1.A (Vide site plan II herewith sent).

5. In addition to the above accessory buildings of the hospital, quarters for the staff will have to be provided. I do not know what exactly the strength of the staff of the proposed

combined hospital of 120 beds will be. At present the Lady apothecary and two Sub Assistant Surgeons have quarters. In addition to these, it seems to me that quarters for a resident Assistant Surgeon, 4 nurses and a matron and lines for menials will be the minimum requirements when the new hospital is completed. Sites have to be found for all these in the vicinity of the hospital.

The Municipality is taking steps to clear the area between the Balmatta Road and Court Road at present occupied by insanitary hovels (Vide site plan II). Application of the Municipal Council is now pending before Government for a grant of Rs.45,000 for the acquisition and clearing out of this insanitary spot which occupies an important centre of the town. It is in close proximity to the hospital, being separated from it only by a public road and is in every way eminently suited for building quarters for the hospital staff. The object of the Municipal Council is only to clear out this unhealthy area and they have no definite proposals or special needs for the utilization of this site except an idea of securing a site for a Town-hall and a Municipal Office. The site is 2 acres and 42 cents in extent, and even if 42 cents at the corner opposite to the hospital be reserved for this purpose, there will remain 2 acres of fairly level ground which will be ample for residences for the staff. If Government would take up the scheme of the Municipality the object of the Council would be served and the problem of finding sites for quarters of the hospital staff would be solved.

I request therefore that you will be good enough to address Government for the reservation of this ground for constructing quarters for the staff.

No. 19 Bl/334

Station Madras. *Dated the* 11. March 19 20.

From (Name) The Honourable Major-General G.G.Giffard, C.S.I., K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL (MEDICAL) Department.

Sir,

In continuation of my letter No.19 Bl/T.419 dated the 10th November 1919 regarding additional sites required for the extension of the Government Head Quarter Hospital, Mangalore, have the honour to forward herewith copy of letter No.C.60/20, dated the 1st March 1920 from the District Medical and Sanitary Officer, South Kanara and to state that the whole plot is required for hospital extension. It is therefore requested that Government will kindly defer passing orders handing over the plot to the Peace Memorial Committee till I have visited

Mangalore

Mangalore in April next.

I have the honour to be

Sir,

Your most obedient servant,

Major-General, I.M.S.,

Surgeon-General with the Government of Madras.

8

Copy of letter No.C.60/20, dated 1st March 1920, from the District Medical and Sanitary Officer, South Kanara, Mangalore, to the Surgeon-General with the Government of Madras, Madras.

Referring to your No.19 Bl/ 8692 dated 16th October and my reply thereto Ref. on 129/W.H., dated 22nd October 1919, I wish to bring to your notice that there is a suggestion to reserve a portion of the plot of ground which has been proposed to be reserved for the construction of quarters for the hospital staff for building a Town Hall (Peace Memorial) in Mangalore, and I believe the Collector has included this site as an alternative one for the Town Hall in his letter to Government. If a slice of this plot were utilised for this purpose the remaining ground will be insufficient for the needs of the hospital, and I am afraid that it will interfere with the present proposal of building the new hospital on the site of the Wenlock Hospital as there is no possibility of acquiring any other land in the vicinity.

I hope you have already addressed Government to reserve this site for hospital purposes. If not, I wish you will let the Government know that the application of the Mangalore public for a portion of this plot for the Town Hall, if granted, will seriously interfere with the reconstruction of the Head-Quarter Hospital as at present decided upon.

C no. 2913 Medl from the Sly no 19 BK/419 d 10
O M 2913-1 Medl dated 27. XI. 19
C no. 2023 Medl from the Coll of S. Kanara No 1
dated 2

Land acqn. for headquarters hosp
Mangalore

The D M & So South Kanara
pp3-4 CF proposed the acquisition of
(1) Plot No. 273/1A for the construction
of Vaccine station and Coach
house and stables and
plan (II) (2) the area between the Balmatta
road and Court road for the
construction of quarters for staff.
On forwarding this proposal the
p1 CF Sly stated that it was absolutely
necessary to take up the first
plot and that it would be advan-
tageous to acquire also a consider-
able portion of the second. On
p6 CF the Collector's present letter he
states that the D M & So requires
only a portion (0.50 acres) of the
first land and reports that the
cost of acquiring it is estimated
at Rs 4436-2-0. As the Collector

seems to have consulted the Govt
it seems unnecessary to consult
the Ex Dy Commr as to whether the
acqn. of the second floor is
necessary. Acqn of the first floor
alone may therefore be considered

2 Funds — The cost of acqn.
Rs 4436-2-0 can be met from
the lump allotment of Rs 2,00,000
in the civil works budget for the
current year for improvements
to head quarter hospitals.

3 A draft order asking
the Collector of Kanara
to submit draft notification
for acqn is submitted for approval
On receipt of the notification, it
may be transferred to P.W.D
who will allot the necessary
